

When will the system change?

The current HCAI application will be unavailable and the servers will be taken down as of August 31, 2010 5:00 pm EDT. All form submissions must be completed prior to 5:00 pm. Once the system is taken offline access will be removed for web, DEC and PMS transactions.

HCAI will have the Performance Meter on the HCAI website set to red for the time the system is offline and then set back to green once the system is reactivated on Sept 1, 2010.

What are the changes that are being made?

Auto Reforms will take effect as of 8:00 am September 1, 2010 to display the new FSCO approved forms.

Available for creation of drafts and submissions as of September 1, 2010 8:00 am will be:

- OCF-18 Treatment and Assessment Plan
- OCF-23 Treatment Confirmation Form
- OCF-21 Auto Insurance Standard Invoice

Further changes have been implemented to accommodate new GAP codes for the Minor Injury Guideline.

From September 1, 2010 onwards, when you click the <Create New> button the new version of the OCF forms which will be displayed.

Please Note – *All drafts created and saved prior to September 1st will be invalid for submission on or after August 31, 2010 at 5:00 pm. New drafts will need to be created using the new active forms on September 1, 2010.*

How can I learn more about how to work within the new system?

For assistance understanding the form changes, please visit the "Auto Reform and HCAI" page in the Health Care Facility/Provider portal at www.hcaiinfo.ca.
