

## Viewing Attribute Codes on an OCF

In HCAI, health care facilities can utilize the attribute code field to identify remotely and/or virtually delivered services. As health care facilities shift the way service is provided to claimants/patients, the more attribute codes will be used to indicate that remote or virtual services have been provided on OCF's.

A description of the attribute code applied on an OCF is visible when the user hovers their mouse over an attribute code. This feature is available while creating an OCF, and when in review mode. This applies to all OCF's except the OCF-23 and Form 1 as they do not have attribute fields.

**As a reminder, for Section 1, 6, and 7,** the following attribute codes may be applied:

Code	Description
IN	Indirect (e.g. telephone, video conferencing)
SD	Self-directed (e.g. using tapes, videos)

**Review how attribute codes will display on different document types:**

### Creating the OCF-18

The attribute code description displays when the user hovers their mouse over the attribute. For example, "IN" was entered and the description "Indirect Delivery (e.g. by phone)" displayed when the OCF was being created.

GS Ref#	Code	Attr.	Provider Reference	Quantity/Measure	Cost	Total Count	Total Cost	Proposed Tax		
<input type="checkbox"/>	2	1.EL.02	IN	Nars, Jessica	1	HR	30.00	1	30.00	<input checked="" type="checkbox"/>
		"Exercise, tempor...								
<input type="checkbox"/>	3					GD			0.00	<input type="checkbox"/>
<input type="checkbox"/>	4					GD			0.00	<input type="checkbox"/>
<input type="checkbox"/>	5					GD			0.00	<input type="checkbox"/>
<input type="checkbox"/>	6					GD			0.00	<input type="checkbox"/>

CREATE SESSION    DELETE    APPLY PROVIDERS    Add more Items: 5 Items    GO

Use these buttons with the checkboxes on the left.

If you choose to [create a session](#), the attribute code description will display when the user hovers their mouse over each unique attribute indicated within a session. For example, "SD" was entered and the description "Self-Directed (e.g. tapes, videos)" displayed in the session's review mode.

**Part 12: Proposed Goods or Services Requiring Insurer Approval**

To the extent possible, this Treatment and Assessment Plan should include all Goods & Services contemplated by the Regulated Health Professional/Facility referred to in Part 5 for the period of this Treatment and Assessment Plan. Please fill out all Goods and Services and associated information. To create a session, select the check box for each Goods & Services to be included in this session and then click the Create Session button. To delete any items from a session code, select the session code in question and use the Separate Session button. If HST applies to a good or service, check Proposed Tax checkbox on that line item.

Click [here](#) for a link to access more information on goods and services under the HCAI Guideline via HCAIINFO.

### Creating the OCF-21C

The attribute code description displays when the user hovers their mouse over the attribute. For example, "IN" was entered and the description "Indirect Delivery (e.g. by phone)" displayed when the OCF was being created.

### Part 6: Goods and Services Rendered

Providers are required to declare the information requested below on every treatment, service and good delivered. Failure to provide this information may delay payment.

The Date Services Rendered fields must contain only dates allowed by the facility's FSCO Service Provider licence. See <http://fSCO.gov.on.ca> for more information.
